Subject : Application for joining Project Cell

Respected Sir/Ma'am,

My name is Daksh Marathe and I am from the Electronics and Computer Science batch of 2023-2027.

I am writing to this letter as an application to join and also to apply for the position of Project Cell Associate. I'm confident in myself to fulfill the requirements and opportunities of a Project Cell representative.

I have actively participated in a variety of extracurricular activities, cultural events and leadership positions throughout my academic journey, which have equipped me with the necessary skills to be an effective council member. I'm eager to lend my passion and dedication to the work of this council, alongside my peers to create positive change within our college through this council, and showcase the true team member inside me.

Thanking you.
Yours Sincerely,
Daksh Marathe
